Business Testimonial

Bob Nuber
Chairman

CLARK NUBER
Certified Public Accountants & Consultants

"There are many reasons we have found the Bellevue CBD to be a business advantage for us. Included is easy walking access to many high quality amenities for our employees such as restaurants, banks, retail shopping and entertainment options. Ingress and egress to good road transportation is important for us; access to the road/highways system is actually easier for us here than it was when we were located in the outskirts of Bellevue. And lastly, there is a vibrancy about downtown Bellevue that adds to the quality of our business and personal lives."

"Aside from the obvious social, cultural and recreational advantages of being located in the Central Puget Sound, my company has found significant economic benefit, as well, from having it's base in Bellevue. I can say without hesitation that we have no regrets whatsoever about our decision to remain a Bellevue-based company."
